ZANGLES & STEMCOACHING MET CVT

Conditions 2022

Making an appointment for a lesson equals accepting these conditions

CVT singing lesson

The singing lessons are given according to the method Complete Vocal Technique. Your wishes form the basis of the lessons. With the help of CVT techniques we will find the best tools for you to achieve your goals.

Preparation of the lesson

When you are prepared you will gain more from the lesson:

- You choose the songs that you want to work with
- Think about the things you would like to change or improve
- If you want to sing with instrumental accompaniment, check for online tracks or bring an instrumental track with you (phone or USB stick).
- During the lesson you have access to a computer to use Youtube and Spotify.

Duration of the lesson

The lesson will be 45 minutes, which includes arrival, leaving, asking questions, making a new appointment and sorting out (sheet) music.

Payment

When you book a single lesson, you will get an invoice afterwards. For the package of 5/10 lessons you will get an invoice that you pay in advance. The 5 lessons have to be used within 3 months, or 10 lessons within 6 months. A refund is **not** possible, with the exception of e.g. long-term illness.

Cancellation

Cancellation of the lesson requires minimum 48 hours notice (by phone, whatsapp or a text message), otherwise the lesson fee will be charged accordingly. This is regardless of the reason (like illness or other circumstances beyond your control). If I have to cancel a lesson, it will always be rescheduled to the next convenient time.

Agreement

Making appointment for the lesson equals accepting the rules above.
